

Downstairs Morning Schedule:

8:45 – 9:45 am

We begin our day with Music and Movement class lead by Mr. Mark which starts with a music focused circle time. We learn new songs and dances as well as practice our old favorites like the Name Dance and Roll the Ball. We also get to learn about and take turns playing different instruments each week.

9:45–10:00 am

After the first hour we clean up and gather for circle time before lining up to visit the bathroom to wash hands. Once hands are clean we head back to the classroom for our water break. The children each sit inside large taped squares on the floor and are then allowed to remove their mask and drink their water. We usually listen to a story during water break.

10:00–10:50 am

The second hour of each morning is spent moving throughout the classroom as the child chooses. There are puzzles and manipulatives to work on, art projects (on Monday and Tuesday), practical life projects (on Wed and Thursday), a reading corner, a pre-writing table and the imaginative play area.

10:50 am

We line up to make one more trip to the bathroom to wash our hands before dismissal. We then head to the hall to change back into our shoes and await our turn to go home. When it is time to go home one last stop is made at the file box to collect any papers or artwork that need to go home.
